Notes

Table notes

This table has been built from person-based data and may contain counts of people and vehicles across collision, vehicle and/or people related variables.

Road Class I

The terms "rural" and "urban" refer to the predominant characteristics of the land use adjacent to the roads.

Total

Total of the following items:

- Urban
- Rural
- Choice is other than the preceding values
- Unknown

Jurisdiction does not provide this data element

- Jurisdiction does not provide this data element

Person Gender

The gender of the person.

Total

Total of the following items:

- Female
- Male
- Unknown
- Not applicable

Not applicable

Data element is not applicable. 'Dummy' person record created for parked cars.
